ILWU Local 75 Watchmen shall be entitled to the same welfare benefits as longshoremen and clerks as provided by the ILWU/PMA Welfare Plan 2019-2022 MOU.

- a. The Parties further agree to the value espoused by the Union and the Employers of Maintenance of Benefits. “Maintenance of Benefits” is defined by the Parties as the Employers agreeing to maintain all present benefits under the ILWU-PMA Welfare Plan, for the term of the Agreement, and to continue the funding of these benefits as in the past.
- b. Registered Watchmen may request 89 day leaves of absence from the Joint Watchmen’s Labor Relations Committee

(JWLRC). Personal leave, not to exceed 89 days, may be granted by the JWLRC. Earned welfare benefits shall continue throughout such approved leave, as determined by the ILWU-PMA Benefits Plan.

SECTION 13

DISPATCH

- a. The ILWU Local 75/PMA shall jointly dispatch Watchmen on a computerized system. The cost of development to be shared 50%/50% (maximum total cost to be \$5,000). The parties need to review and agree on a system, ensuring it follows jointly agreed dispatch rules and procedures. It is the intent of the parties to devise a system that shall dispatch registered watchmen on a hierarchical basis, watchman with the lowest hours being dispatched first. The hours accumulated by all watchmen shall be “zeroed” monthly. It is also the intent of the parties to devise a system that shall dispatch casuals on a rotational basis arranged by last name in alphabetical order (*See Letters of Understanding, Rotational Dispatch.*) The dispatcher shall provide the joint parties with the daily dispatch roster. This dispatch system shall be monitored by the Joint Port Labor Relations Committee which shall meet within 24 hours to resolve all issues concerning dispatch.
- b. Rotational Dispatch will be effective once seventy five (75) percent of the casual workforce has been provided an opportunity to attend reefer training following the ratification of the 2014-2019 contract.
- c. Following the ratification of the 2014-2019 contract, the current identified casual list shall be frozen, effective July 1, 2014. When there are no more identified casuals remaining on

the identified casual list, or an unidentified casual obtains the same or more hours than the identified casual with the most hours, the identified casual list will be dissolved and those remaining on the identified casual list will be merged with the unidentified casual list to create one casual list.

- d. The joint day dispatcher shall be paid on an eight (8) hours, seven (7) days per week basis (40 s/t – 16 o/t).
- e. The joint night dispatcher shall be paid on an eight (8) hours, four (4) days per week basis (32 s/t).
- f. The cost of the dispatch shall be shared on a 60%-PMA, 40%-Union basis. Within six (6) months of contract ratification, the JPLRC shall implement an electronic telephonic check-in system on a 60-day trial basis. Following the 60-day trial basis, extended use of the electronic telephonic check-in system will be continued only by Joint Agreement. Upon full operational implementation and use of an electronic telephonic check-in system the cost of dispatch shall be covered 85% by the PMA, 15% by the Union.

SECTION 14

REGISTRATION

- a. The Joint Labor Relations Committee shall maintain a registration roster. The roster shall be kept current and employees shall be removed from the roster because of death, retirement, lack of availability and disciplinary action, or for any just cause as determined by the Joint Labor Relations Committee.
 - (1) Registered watchmen shall, subject to the approval of the Joint Port Labor Relations Committee, be given a leave

of absence up to 90 days for extenuating circumstances. Registered watchmen who fail to work, except when on approved leave, with facts and reasons for their absence not acceptable to the Joint Labor Relations Committee, are subject to deregistration.

- (2) Subject to advance approval by the Joint Labor Relations Committee of each port, registered watchmen may transfer from San Francisco to Los Angeles or vice-versa.
- (3) Watchmen who are found guilty by the Joint Watchman Labor Relations Committee of theft, pilferage, broaching, or for aiding and abetting or for any type of stealing of cargo and/or company or personal property shall be automatically deregistered.

b. New Employees

- (1) Applications for employment/additions to the Identified Casual and Unidentified Casual List shall be made available through advertisements in the local newspapers, to be paid for by the employer.
- (2) New employees to be added to the Identified and Unidentified Casual Watchmen List must be jointly agreed to by the Joint Port Labor Relations Committee and shall be subject to a "probationary period" of ninety (90) days. Within the ninety (90) day probationary period, any unidentified casual or identified casual Watchman determined by the employer to be unsatisfactory, may be removed from the Unidentified Casual or Identified Casual List following notification to the Joint Port Labor Relations Committee. Identified Casual Watchmen must attain a

minimum of ninety (90) day Watches (shifts) within a period of two (2) years to be eligible for registration.

- (3) All new casual watchmen will be required to successfully complete and pass an interview, a comprehensive medical examination, a drug and alcohol screening test, and reefer and screener training prior to being added to the Casual Watchmen List. The medical examination shall set forth physical standards (such as eyesight, weight, heart, substance dependence and use) that are required to safely and effectively perform the job of a watchman. The cost of the physical examination shall be borne by the Employers. Identified Casual watchmen shall be required to take safety training prior to being dispatched in accordance with OSHA Regulation 3203.
- (4) Subject to agreement by the Joint Port Labor Relations Committee, Identified Casual Watchmen who have satisfactorily completed a minimum of ninety (90) shifts may be granted Class "B" registration. Any dispute as to the need for such registration shall be subject to prompt resolution through the grievance machinery, including arbitration. Promotion to Class "A" status will be based on available work opportunity for Class "A."
- (5) Promotion to Class "A" and "B" status will be based on available work opportunity for both, subject to discussion and approval of the Joint Labor Relations Committee.
- (6) Watchman Permissive Rule Applicable to Children of Deceased
 1. A child of a deceased registered watchman who had not reached eligibility for unreduced regular

retirement under the ILWU-PMA Watchmen Pension Plan and was on the active registration list at the time of death shall be entitled to apply for Class “B” registration in the same category that the decedent was registered, provided that the following considerations are met:

- 1.1 The child becomes the sole support of the decedent’s family and notarized documentation to that effect is furnished to the LRC.
- 1.2 The child makes application for Class “B” registration within 90 days of the parent’s death or within 30 days following the child’s 18th birthday, and a copy of the parent’s death certificate and a copy of the child’s birth certificate is furnished to the LRC. In the event the child is in the military service at the time of the parent’s death, the child must make application within 30 days following discharge from such military service.
2. Following approval by the LRC, and as a prerequisite to Class “B” registration, the applicant shall be required to successfully complete all required procedures for new Class “B” registration within 90 days.

SECTION 15

BONDING PROVISIONS

Watchmen employed as “regular employees” shall be bonded in accordance with the policy of the Employer and shall be considered unqualified if application for bond is denied by the surety company.

All Watchmen employed or to be employed shall be free of felony convictions for fraud, dishonesty, or narcotics.

SECTION 16

NO DISCRIMINATION

- a. There shall be no discrimination in connection with any action subject to the terms of this Agreement either in favor of or against any person because of membership or non-membership in the Union, activity for or against the Union or absence thereof, or race, color, national origin, religious or political beliefs, gender, sexual orientation, age, Veteran's status, or handicap. Any discrimination claim between one or more watchmen, a signatory Employer covered by this agreement, the PMA, or the Union will be processed in accordance with the special grievance procedures as established by the Coast parties in Coast Labor Relations Committee Meeting #13-01. The parties will review and adopt any revised claims procedures and guidelines adopted by the ILWU and PMA Coast Labor Relations Committee, to resolve such claims.

Brief Summary of These Special Section 16 Procedures:

The basic steps for processing a grievance of Discrimination and Harassment under the Special Procedures are as follows. This summary only provides highlights of the Special Procedures.

- 1) Grievances are to be filed within fifteen (15) calendar days of the incident by facsimile or mail with the AREA ARBITRATOR, with a copy sent by facsimile or mail to the JPLRC c/o the local PMA office, as stated on the Special Section 13.2 Grievance Form. (The AREA ARBITRATOR may,

in his/her discretion, excuse late filings in certain circumstances, described below).

- 2) A hearing before the AREA ARBITRATOR, recorded by a court reporter, will be held within fourteen (14) calendar days (or, in certain circumstances described below, within thirty (30) calendar days) after the grievance is received by the AREA ARBITRATOR.
- 3) Any party may, no later than five (5) calendar days before the hearing, ask the AREA ARBITRATOR to direct witnesses to appear.
- 4) The AREA ARBITRATOR will issue a written decision within fourteen (14) calendar days after the close of the hearing.
- 5) Any party may, within fifteen (15) calendar days of being mailed the Area Arbitrator's decision, file an appeal by facsimile or mail with the COAST APPEALS OFFICER, with a copy sent by facsimile or mail to the JPLRC c/o the local PMA office. Appeals shall be based solely on the written record of the hearing.
- 6) Any party may, within fifteen (15) calendar days of the COAST APPEALS OFFICER's receiving the appeal, file a response or opposition.
- 7) A ruling on the appeal shall be sent out within fourteen (14) days of the COAST APPEALS OFFICER's receiving the appeal.

- b. Discrimination on account of sex is a violation of Title VII of the Civil Rights Act of 1964 and a violation of the ILWU

Local 75 Watchmen's Agreement.

The EEOC has recently issued guidelines to define such discrimination. These include the following:

“Unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature when such conduct is made explicitly or implicitly a term or condition of employment, or is used as a basis for employment decisions or has the purpose or effect of interfering with work performance or of creating an otherwise offensive working environment.”

“The grievance machinery of the ILWU Local 75 Watchman's Agreement is available to any employee who claims that the foregoing policies and guidelines have been violated.”

SECTION 17

NO STRIKE, LOCKOUTS AND STOPPAGE OF WORK

There shall be no strike, lockout or work stoppages for the life of this Agreement.

SECTION 18

TRAINING

- a. All watchmen, Identified Casuals, and Class “A” and Class “B” registered watchmen shall satisfactorily complete Safety, First Aid (including CPR), and Security Awareness Training, not to exceed 1 day per contract year. All Class “A” and Class “B” registered watchmen may satisfactorily complete reefer

training. All casuals shall be required to attend Reefer and Screener Training.

- b. The parties recognize that the Pacific Coast Marine Safety Code (PCMSC) is written for the Longshore Industry, and all Watchmen shall be governed by this Code. Where common hazards are addressed and the PCMSC does not conflict with watchmen's functions, the Employers will be guided accordingly.
- c. Employers obligated to hire Reefer Watchmen, to plug and unplug reefers, agree to provide manuals on the procedures to be followed by the Reefer Watchmen for each terminal.

Upon successful completion of reefer training (plugging and unplugging reefers), qualified casual Watchmen will be required to take those reefer jobs first when available. Failure to take such reefer jobs will result in the loss of that work opportunity for the casual watchman.

Ladders used during reefer monitoring and plugging and unplugging will meet proper safety requirements, as contained in the Pacific Coast Marine Safety Code.

- d. Class "A" and Class "B" registered watchmen shall be released of their obligation to take reefer work. *(See Letters of Understanding, Reefer Training, dated July 1, 2014.)*

SECTION 19

LABOR RELATIONS COMMITTEES AND GRIEVANCE MACHINERY

- a. The parties shall establish local Labor Relations Committees in San Francisco. The Committee shall meet to resolve grievances, secure conformance to the terms of the Agreement,

SECTION 19

maintain current employee registration rosters, maintain dispatch procedures and generally administer the Agreement.

- b. The Labor Relations Committee shall be composed of one or more men representing the employees and designated by the local Union and one or more representing the Employers and designated by PMA. Each side shall give written notice to the other of their designated Labor Relations Committee representatives and each side shall have one vote.
- c. The Labor Relations Committee shall establish rules and regulations governing the conduct of watchmen as well as penalties for the breach of these rules and regulations. However, nothing herein shall restrict the Employer's existing right to discipline or discharge men for intoxication, pilferage, assault, incompetency or failure to perform work as directed, but any man who considers that he has been improperly disciplined or discharged may appeal to the Labor Relations Committee.
- d. The Labor Relations Committee shall meet within twenty-four (24) hours upon request of either party to hear any grievance arising under the Agreement. If a satisfactory settlement cannot be reached in this manner, either party may refer the matter to arbitration for decision. The parties shall utilize the industry arbitrators serving under the PCL&CA. The arbitrators will be assigned to a dispute on a random basis utilizing the Marine Exchange when both industry arbitrators are on duty. If the randomly chosen industry arbitrator is not available to hear the dispute on the mutually agreed to date(s), the other industry arbitrator will be utilized. If both industry arbitrators are not available, the parties shall utilize a neutral 3rd party arbitrator serving under the Pacific Coast Longshore & Clerks' Agreement.

The Arbitrator's decision shall be final and binding, unless an appeal is made within seven (7) days to the Coast Arbitrator as provided in (e) below.

- e. Any decision of the Area Arbitrator claimed by either party to conflict with the Agreement may be referred at the request of such party to the Coast Arbitrator serving under the Pacific Coast Longshore & Clerks' Agreement. The Coast Arbitrator's decision shall be final and binding.
- f. Arbitrators' decisions must be based upon the showing of facts and their application under the specific provisions of the Agreement as written. If an Arbitrator holds that a particular dispute does not arise under the Agreement, then such dispute shall be subject to arbitration only by mutual consent. The cost of arbitration proceedings shall be borne equally by the parties.
- g. This grievance machinery shall be the exclusive remedy with respect to any dispute arising under the collective bargaining agreement and no other remedies shall be used by the Union, the Employer or any covered employee until the grievance procedures have been exhausted.
- h. The Employer shall have the right to return to the dispatching hall any watchman (or to send home any nonregistered watchman) for insubordination or failure to perform the work as required in conformance with the provisions of this Agreement.

At the request of the Employer, such watchman shall not be dispatched to the terminal where the grievance occurred, until his case shall have been heard and disposed of before the Joint Port Labor Relations Committee. Either party may request a special 24-hour LRC per Section 19 (d) of the agreement to hear the matter. If the grievance is especially grievous in

nature, i.e. assault, then at the request of the Employer the individual may be placed on non-dispatch to all work subject to LRC agreement. Any disagreements are to be presented to the area arbitrator within 24 hours.

If the Union does not request a special LRC, the watchman will remain on non-dispatch to the terminal that filed the grievance until the matter is resolved through the regular grievance procedure. No other employer shall refuse employment to such watchman on the basis of such return to the dispatch hall.

If the Employer is unable to participate in a JPLRC within 24 hours, the watchman will be taken off non-dispatch status.

If a special LRC is held, and the parties reach disagreement regarding the grievance, the grievance may be referred to the next step of the grievance procedure by either party, and the watchman shall be taken off non-dispatch status.

SECTION 20

JOINT WORKING AND DISPATCHING RULES

Joint working and dispatching rules covering local conditions are supplementary to and cannot conflict with this Agreement. Local working and dispatching rules that are in conflict with this Agreement are null and void, and those that are not in conflict with this Agreement can be changed only by mutual agreement.

SECTION 21

ALCOHOL AND DRUG-FREE WORKPLACE POLICY

The parties agree to a policy of maintaining a safe, healthful and efficient working condition for employees and to provide for an

alcohol and drug-free work place to respond to the requirement of the Drug-Free Work Place Act and other applicable federal and state laws.

The parties are concerned with those situations wherein use of alcohol/drugs interferes with an employee's health and job performance, adversely affects the job performance of others, or is considered to be detrimental to the industry.

The ILWU and PMA recognize that alcohol/drug problems cause great economic loss and much physical and mental anguish to individuals and families. Persons suffering from those problems can, however, with the aid of an appropriate diagnosis and treatment, be given the kind of help they need to lead normal, healthy lives.

Alcohol and drug screening/testing shall be administered to watchmen:

- (1) When involved in a serious accident where there is a reasonable cause to believe that alcohol or drug use may have been involved.

SECTION 22

MISCELLANEOUS

- a. When a single employee is assigned to a facility or shift where no other employees are present, the Employer will establish an adequate check-in or monitoring or emergency notification procedure.
- b. The Union and the Employer will cooperate in maintaining a safe work place. If new construction of guardhouses is required, the parties agree they should be constructed inside the perimeter fence, with an operating communication system,

and restrooms where practicable.

- c. The Employers will provide protective clothing in conformance with applicable governmental safety and health regulations or company safety rules.
- d. Watchmen will not be required to perform work that violates applicable government safety and health regulations or company safety rules.
- e. The Employers will provide adequate toilet facilities and drinking water.
- f. The Employers will post at each facility where watchmen are regularly stationed a notice of the following safety information:
 - (1) Location of nearest fire extinguisher and first-aid kit;
 - (2) Procedure for notification to authorities for fire, medical emergency, safety or security problems;
 - (3) Company procedures pertaining to use of two-way radios and/or emergency notification equipment.
- g. Contract and port supplement to be printed in a bound book and paid 50/50 by the joint parties.
- h. When any Employer covered by the Agreement directs a watchman posted at a gate to perform work in the yard, a Local 75 watchman will assume duty at the gate when a watchman is required.

SECTION 23

MODIFICATION

No provisions or term of this agreement may be amended, modified, changed, altered or waived except by a written document executed by the parties hereto.

SECTION 24

RETROACTIVITY

The Parties successfully negotiated the terms of the 2019-2022 ILWU Local 75 Watchmen's Agreement prior to the expiration of the 2014-2019 Watchmen's Agreement, therefore there will be no retroactive payments.

SECTION 25

TAX APPROVALS

Pension and Welfare revisions are all subject to and conditional upon receipt of satisfactory tax rulings, if such is necessary, from appropriate Federal and state agencies. If unsatisfactory rulings are received, the parties will meet to make required changes in the Plan(s) to comply with the rulings.

SECTION 26

TERM OF AGREEMENT

This Agreement shall remain in effect until 5:00 p.m., July 1, 2022 the date coinciding with the termination of the Pacific Coast Longshore and Clerks' Agreement, and shall be deemed renewed from year to year after such termination date unless either party gives written notice to the other of a desire to modify or terminate the same, and such notice of modification or termination shall be given in writing not less than sixty (60) days prior to the expiration date.

SAN FRANCISCO BAY AREA WATCHMEN'S WORKING AND SUPPLEMENTAL RULES

These rules, executed and agreed to by Local 75 of the International Longshore & Warehouse Union and Pacific Maritime Association, and on behalf of its covered Employers, are a supplement to the Pacific Coast Watchmen's Agreement and cover working conditions in the San Francisco Bay Area. This Agreement shall remain in effect until 8:00 a.m., July 1, 2022, and shall be deemed renewed from year to year after such termination date unless either party gives written notice to the other of a desire to modify or terminate the same, and such notice of modification or termination shall be given in writing not less than 60 days prior to the expiration date. If the Pacific Coast Watchmen's Contract modifies any rules contained herein, the rules shall be so modified; also, if the Pacific Coast Watchmen's Agreement conflicts with any rules contained in this document, the rules contained herein shall be null and void.

SECTION 1

DEFINITION – STATUS QUO

- a. All other classifications existing as the result of port practices which are not listed in Section 1 of the Agreement, shall remain in effect on a company by company, installation by installation basis.
- b. Any Watchman may be assigned incidental duties in connection with his specific duties. "Incidental" in this context is meant to signify a minimum of time spent at those incidental duties.
- c. Any Watchman may relock and/or reseal any cargo shed or

container to maintain the security of that shed or container at the direction of the Employer.

- d. The term "Status Quo" is used in that same context as in the "Coast Agreement."
- e. It is understood that the employee definitions contained herein are interchangeable with equal applicability to either male or female employees.
- f. All candidates for Unidentified Casual Watchmen status are required to obtain a California Guard Card, and any other governmentally-required identifications and/or permits prior to being jointly recognized and added to the Unidentified Casual Watchmen's list and be eligible for dispatch.

SECTION 2

DISPATCH SEQUENCE

- 1. First preference of employment shall be given to registered "A" Watchmen who are available for dispatch from their respective dispatch sheet (day dispatch sheet for day and swing shifts and night dispatch sheet for night shift jobs) beginning with the Watchmen with the fewest hours. The starting times for jobs dispatched on the day dispatch sheet will be 5:00 a.m. to 5:29 p.m.
- 2. Second preference of employment shall be an extra board for registered "A" Watchmen beginning with the watchmen with the lowest registration number (seniority) except for those hall "A" registered watchmen who did not have a job opportunity and requested to be placed on the extra board, with the understanding they would be entitled to the first job that became available to the extra board. Registered "A"

Watchmen shall make themselves available on the extra board for extra work by calling the Joint Dispatcher.

3. Third preference of employment shall be registered "B" Watchmen beginning with the Watchmen with the fewest hours. Registered "B" Watchmen shall be available for all shifts.
4. Fourth preference of employment shall be a "B" extra board for registered "B" Watchmen beginning with the watchman with the lowest registration number (seniority). Registered "B" Watchmen shall make themselves available on the extra board for extra work by calling the Joint Dispatcher.
5. Fifth preference of employment and dispatch shall be given to the Identified Casual Watchmen List beginning with Identified Casual Watchmen next in rotation by last name in alphabetical order.
6. Sixth preference of employment shall be given to Identified Casual Watchmen on the extra board. Identified Casual Watchmen shall make themselves available on the extra board for extra work by calling the Joint Dispatcher. In order for jobs to be dispatched off the extra board, the regular dispatch must have "spun" before 5 a.m. The extra board shall be dispatched in alphabetical order beginning with the individual next after the stop line on the regular dispatch.
7. Seventh preference of employment and dispatch shall be given to the Unidentified Casual Watchmen List beginning with the Unidentified Casual Watchmen next in rotation by last name in alphabetical order.
8. Eighth preference of employment shall be given to Unidentified Casual Watchmen on the extra board. In order for jobs to be dispatched off the extra board, the regular

dispatch must have “spun” before 5 a.m. Unidentified Casual Watchmen shall make themselves available on the extra board for extra work by calling the Joint Dispatcher. The extra board shall be dispatched in alphabetical order beginning with the individual next after the stop line on the regular dispatch.

9. After the Unidentified and Identified lists merge, casuals shall be dispatched as outlined in Sections 2(5) and 2(6).

SECTION 3

DISPATCH PROCEDURES AND RULES

1. Employers will place all Watchmen orders with the Joint Dispatcher and indicate the specific location where the Watchman should report, and/or give the name of a specific individual the Watchman is to report to for their job assignment. The Employers will also indicate, when pertinent, specific Watchmen tasks that need to be performed (i.e., plugging and unplugging reefers, operating an x-ray machine). All Watchmen are required to perform all Watchmen work (except for unplugging and plugging reefer jobs, and x-ray machine duties which require completion of agreed training) and can be shifted to any work as required by their employer.
2. Employers must place all orders for Watchmen with the Joint Dispatch Hall by 11:00 a.m. for swing shift orders and 3:00 p.m. for day and night shift orders.
3. The Joint Dispatch Hall will dispatch all Employers’ orders in the following manner: Day and swing shift jobs will be dispatched from the day dispatch sheet, night shift jobs from the night dispatch sheets. If either the day or the night dispatch boards are exhausted, the job will be dispatched to the extra boards or in the agreed sequence.

SECTION 3

WORKING AND SUPPLEMENTAL RULES DISPATCH PROCEDURES AND RULES

4. The Local 75 Joint Dispatcher shall continue dispatching until all jobs have been dispatched or the lists have been exhausted. If the lists are exhausted and jobs remain unfilled, the Joint Dispatcher shall contact the affected employer(s).
5. The Joint Dispatch Hall will maintain all dispatch records and send them to the Joint Port Watchmen's Labor Relations Committee on a weekly basis. Any dispute or error in dispatching caused by the Joint Dispatch Hall shall not result in lost work opportunity claims or payments. The parties will immediately meet to correct or resolve any dispatch problems that may result in lost work opportunity claims.
6. Watchmen failing to make themselves available for dispatch or who fail to show up on the job will be penalized under the Joint Port Watchman Disciplinary Rules.
7. Watchmen dispatched through the dispatch hall who plan to be off work for one week or more for vacation or leave of absence, must report their planned absence to the JPWLRC by no later than the Thursday prior to the week they plan to be absent. Failure to properly notify the JPWLRC of a planned absence in advance will be a violation of the Port Supplementary Disciplinary Rules. Absences due to an emergency or for circumstances beyond the control of the Watchman will be considered excused absences if they are verified and substantiated (with documentation) by the Committee.
8. The following Dispatch Procedures and Rules shall apply to all Registered Watchmen:
 - a. Watchmen dispatched through the dispatch hall will be dispatched in "low-man out" sequence based on the

number of hours they worked in a one-month period. The Watchman with the fewest hours worked will be dispatched first followed by the Watchmen with the next fewest hours worked, and so forth. A record of hours worked will be maintained for each Watchman. Watchmen will accumulate 8 hours for each weekday dispatch and 12 hours for each weekend dispatch regardless of the actual hours worked. The dispatch sheets will list all Watchmen who are eligible for dispatch from the dispatch hall. Day and night dispatch sheets will be maintained separately. New day and night dispatch sheets will be created at the beginning of each new monthly period to list all Watchmen available to be dispatched for the new month. The one-month period shall begin at 8:00 a.m. on the first Saturday of each new month period.

Watchmen absent for a reported vacation, illness, injury, personal leave of absence, or disciplinary time off will be listed as unavailable on the dispatch sheets and will be credited with a number of hours equivalent to the average hours worked by Watchmen on their respective sheets during the period of their absence to determine their position in the dispatch sequence.

- b. Watchmen who “flop” (decline to accept a job assignment when they are listed as available) will receive 8 hours as a penalty (for each weekday job) or 12 hours (for each weekend job). They will be on non-dispatch for three shifts starting with the shift that was declined. No Watchmen will be “flopped” for declining a job assignment that starts less than 8 hours after the

finish of the previous shift. Watchmen who 'turn back a job' (After first accepting the job assignment) or are 'no shows' will receive 16 hours as a penalty (for each weekday job) or 24 hours (for each weekend job). "They will be on non-dispatch for six shifts starting with the shift that was declined." If more than one Watchman has an equal number of hours, dispatch preference will be given to the Watchman with the lower registration number (seniority). Hours will be accumulated for each job dispatched as well as any penalties. Steady Watchmen wanting extra work will contact the Joint Dispatcher the same day they are available for dispatch to extra work and be placed on the extra board.

- c. Watchmen dispatched through the dispatch hall will be considered available for all Watchmen work, (reefer and screener work requires certified training) on a daily basis, unless they notify the Joint Dispatch Hall prior to being dispatched that they will not be available for work on that day. Watchmen are allowed two days off a week (8:00 a.m. Saturday through 8:00 a.m. Saturday). Watchmen notifying the Joint Dispatcher that they are not available for dispatch on a given day will accumulate 8 hours until they have taken their permitted two days to insure equalization hours for dispatch purposes. While on non-dispatch the watchmen will not be allowed to put themselves on the extra board.
- d. Watchmen listed on the dispatch sheets will be contacted by the Joint Dispatcher for job assignments. Watchmen may, at their option, use a "pager" to be contacted or an answering machine. Watchmen will be allowed two

contact numbers. Watchmen will be allowed 20 minutes to respond to either a “page” or dispatching telephone call from the Joint Dispatch Hall for a job. Failure to respond or telephone the Joint Dispatch Hall within 20 minutes of a “page” or telephone call message will be recorded as a “flop.” The job will then be immediately re-dispatched to the next Watchman low-man out sequence.

- e. The Joint Dispatch Hall will dispatch watchmen from the dispatch sheets in low man (lowest hours worked) sequence. Registered watchmen will be allowed to choose their specific job assignments, including jobs dispatched from an extra board.
 - f. Watchmen switching from the day dispatch sheet to the night dispatch sheet or vice versa, must notify the Union by no later than the Thursday prior to the week they plan to switch. Watchmen will only be allowed to switch between dispatch sheets once a month unless mitigating circumstances convince the Committee to grant the request. Watchmen switching from one dispatch sheet to the other who have worked less than the average hours worked by Watchmen on the dispatch sheet they are switching to, will be credited with the average hours worked instead of their actual hours worked.
9. The following Dispatch Procedures and Rules shall apply to all Casual Watchmen:
- a. Dispatch for casuals shall be conducted on a rotational basis. Casuals on the dispatch sheet(s) shall be arranged by last name in alphabetical order. New casuals will be sequenced with the existing casual list according to last name.

- b. The Joint Dispatcher will maintain the start and stop points on the casual dispatch lists for each day.
- c. Casual watchmen shall be allowed two contact numbers. Casual watchmen will be allowed 10 minutes to respond to a dispatching telephone call from the Joint Dispatch Hall for a job. If the casual watchman does not respond to the call(s) within 10 minutes, the job will then be immediately dispatched to the next casual watchman on the casual list.
- d. Casual Watchmen dispatched through the dispatch hall are required to be available seven days a week, all three shifts, for all watchmen work (reefer and screener work requires certified training.) Availability is defined as being willing and available when called for a work opportunity.
- e. Casuals with JPLRC approved exemptions from reefer or screener work will remain on the assigned list. When the individual's turn comes up in the regular dispatch rotation, the Dispatcher will offer them then available work assignments consistent with the JPLRC approved exemption. If there are no such jobs available, or if the only job remaining is one for which they have an exemption, then the casuals with approval shall lose that work opportunity.

SECTION 4**DAILY GUARANTEE**

If a Watchman reports to the job late and is turned to, it is understood that he will be paid per Section 4, Item c. of the Master Agreement.

SECTION 5

DISCIPLINARY PROCEDURES

- A. The Joint Labor Relations Committee shall have the power to discipline Watchmen for cause. The schedule of penalties listed below have been agreed to by the parties, and upon filing and verification of the written complaint, the Joint Committee shall impose the penalties to modify the penalty or penalties under unusual circumstances.

1. Under the influence and/or use of drugs or intoxicants on the job.

The following procedure is adopted in order to facilitate the processing of intoxication complaints:

- a. Any man found to be in an intoxicated condition or under the influence of intoxicants on the job will be fired immediately.
- b. If the man believes that the firing for intoxication was unjustified, he shall call his business agent immediately, and the business agent and the direct representative of management shall at that point agree or disagree as to the man's sobriety.
- c. Should the Parties agree on the firing, then the watchman shall submit to a drug and alcohol test on site. Should the Parties disagree, the issue shall be referred immediately to the Industry Arbitrator, selected on a random basis, who shall rule, if the accused watchmen is required to submit to a drug and alcohol test on site.

ILWU-PMA 401(K) Plan Demands

Dear Mr. Spinosa:

This will respond to Section III.D of the Union's Demand dated July 12, 1999, Items 1 to 5 and 7 to 8, relating to administrative changes to the ILWU-PMA 401(K) Savings Plan.

The Employers agree that the ILWU-PMA 401(k) Plan is a savings plan that is now and forever separate from the ILWU-PMA Pension Plan. The ILWU-PMA 401(k) Plan is a supplemental savings plan that is not considered by the Employers as a substitute for the Pension Plan.

The Employers agree that the Savings Committee and the Union may, at any time, jointly agree to change, add or terminate any Investment Fund and, accordingly, agree to the Union's request that the Committee and the Union investigate additional investment managers. The Employers also agree to amend the Plan to permit hardship withdrawals as permitted by IRS standards and to permit distributions at Age 59-1/2 as permitted by law but not to permit participant loans.

LETTERS OF UNDERSTANDING

Because the Plan has been designed to permit elective deferrals only in whole dollar per hour amounts, the Employers are willing to amend the Plan to increase the maximum rate of elective deferral from \$5 per hour to \$6 per hour upon ratification, and to \$8 an hour effective January 1, 2000.

Finally, the Employers are willing to investigate what would be involved in converting the Plan to a “multiple employer plan” that would permit participation by the Union’s officers.

Very truly yours,

Joseph N. Miniace

- ii. Dispatch for all casualties shall be conducted on a rotational basis. Casuals on the dispatch sheet(s) shall be arranged by last name in alphabetical order. New casualties will be sequenced with the existing casual list according to last name.
- iii. In order for jobs to be dispatched off the extra board, the regular dispatch must have “spun” before 5:00 am. The extra board shall be dispatched in alphabetical order beginning with the individual next after the stop line on the regular dispatch.

If the casual watchman does not respond to the call(s) within 10 minutes, the job will then be immediately dispatched to the next casual watchman on the casual list.
- viii. The Local 75 Joint Dispatcher shall continue dispatching until all jobs have been dispatched or the lists have been exhausted. If the lists are exhausted and jobs remain unfilled, the Joint Dispatcher shall contact the affected employer(s).
- viii. Casuals with JPLRC approved exemptions from reefer or screener work will remain on the assigned list. When the individual's turn comes up in the regular dispatch rotation, the Dispatcher will offer them then available work assignments consistent with the JPLRC approved exemption.
