

# Longshore Safety Tip

No. 4

**A REMINDER.....WEARING A  
HARD HAT ON THE JOB IS  
NOT JUST SMART. IT'S A  
LIFE SAVER!**

**Now, tell me again  
why you don't wear your hard  
hat?**

Wearing the right safety equipment saved this Longshore worker's life. He was working under the crane where he shouldn't have been. A cone dropped from five high off the container being handled by the crane. The cone caught him in the head...luckily the hard hat saved his life.
